TPA Services:

Utility Services Medical Insurance & TPA Services -

Cashless hospitalization means as a policyholder, one will be able to avail medical services at designated hospitals and bills will be settled through TPAs (third party administrators) rather than direct out-of-pocket-payment.

Pre Admission and Admission Requirements -

- In case of a planned admission, you would have first consulted a doctor who in turn would have advised you on the probable date of hospitalization. In such a case, you must apply for approval of the estimated hospital expenses directly by your TPA at least 4-5 days prior to the date of hospitalization.
- In case you have not applied for pre-authorization sufficiently in advance or if the doctor treating you advises you to get hospitalized immediately after the consultation, our Corporate Help Desk (Phone: 022-69233043/24447543) will assist you through the preauthorization procedure. Normal working hours are from 8.00 a.m. to 8.00 p.m., Monday to Saturday and on Sunday / Hospital Holidays from 9.00 am to 5.00 pm.
- However, the Corporate Help Desk is only a facilitator and can in no way influence the decision on the approval. Your TPA may not grant approval due to any of the following reasons:
 1. If the ailment for which you are hospitalized is not covered in your policy.
 2. If the information contained in pre-authorization form is insufficient to approve the request, though most of the time the TPA will request the hospital if additional information is needed.
 3. If you have exhausted the sum assured for that year.

Pre Authorization Procedure -

Step 1: Establish contact with the Corporate Help Desk at the hospital. (IPD Building Ground Floor)

Step 2: At the Corporate Help Desk, you need to present the original Health Insurance card issued to you by your TPA.

Step 3: Collect the pre-authorization forms pertaining to your TPA + TPA Checklist + TPA undertaking form or download all these forms from <https://www.hindujahospital.com/for-patients/medical-insurance-tpa.html>

Step 4: Your pre-authorization form will have two sections:

- General details on the health insurance policy - to be filled in by you (the Corporate Desk will assist you in case you have any difficulty).
- The treatment recommended for you-to be filled in and duly signed by the doctor who is treating you (Do not attempt to fill this section, contact the Corporate Desk in case of any difficulty).

Step 5: Return the completed form (completely filled and signed), along with the copies of the document mentioned in TPA check list to the TPA Help Desk / **ELSE** make a **single pdf file** of all your documents (as per TPA checklist) and email to tpacell@hindujahospital.com, with subject as "**Patient's name, HH Number and mobile number**". The personnel at the desk will verify the form for its completeness and let you know in case of any discrepancy

Step 6: Once the form is complete in all respects, the Corporate Help Desk will upload the documents on the Remedinet portal and transmit to the office of your TPA.

Step 7: The Corporate Help Desk will revert to you on the approval/denial status, also status of approval is updated on registered mobile number as well as a display screen is available near the TPA desk in the lobby.

Step 8: At the time of admission, you shall be required to pay differential amount of admission deposit and TPA approval. The differential amount would be refunded on discharge after receiving the final approval as per the final bill. A TPA deposit payment of ₹7500/- has to be paid on admission, which shall be refunded post discharge, subject to completion of all formalities and payment received by the hospital, which may take 45-90 days.

Getting Discharged

You shall be required to:

- Settle the difference, if any, if your bill exceeds the designated insurance amount
- Pay for all non-medical expenses as your policy will not cover them.
- Check all the bills and prescriptions for any medicine that is billed but not administered to you.
- Note the total amount of the bill for your records for future purpose and also check approval copy.
- Submit all the medical documents including the lab reports, claim forms, discharge summary and final bill to the hospital before being discharged.
- The hospital, then, submits all necessary documents to TPA. TPA processes the bill on the basis of eligibility and actual cost. TPA makes the claim payment to the hospital and / or patient (as per the policy terms and actual cost). You shall, then, be refunded the deposit amount of ₹7,500 with deduction if any.

What if the cost for treatment exceeds the approved sum?

- Generally the TPA only approves a part of the expenses of the treatment and only after the hospital sends the final bill along with the discharge summary and other reports does it approve the entire bill amount as per policy.
- At times the hospital will request the TPA to increase the amount approved if needed during the treatment as per the policy.
